Q2

Please comment on the Property Addition to Paul's Memorial FAS.

I think the land donation by Bud Ridenour and his family is generous and in keeping with the spirit of the Lady of the Lake, Mrs. Ridenour. I commend the family for this donation and have always felt that public access to Lake Five is appropriate. Paul's Memorial is a wonderful tribute to a life lost too soon.

Please finalize this property addition to Paul's Memorial on behalf of the public.

Those who loudly oppose are hypocritical - Lake Five Resort contends the public access is in competition with their resort, however they are illegally profiting off of day visitors despite their agreement with Montana DEQ to stop the illegal practice of day visitors, as the Resort's sanitation does not permit them to offer day use beyond the total number allowed to utilize their resort per their DEQ obligations.

A well known lawyer on Ross Point objects to any and all public access to Lake Five, but he seasonally illegally anchors a large trampoline in Lake Five for his personal use, against the regulations in a hypocritical fashion, while fighting against legal access to our Lake. There are lots of "Bullies" around Lake Five who only are interested in their own self gratification and block what is good for the public. The waters of Lake Five are not privately owned, therefore access to the water at Lake Five via a safe and secure and free public access such as Paul's Memorial is to be commended. The property addition should be finalized.

Q2

Please comment on the Property Addition to Paul's Memorial FAS.

Flathead Wildlife, Inc. (FWI), prioritizes public access and strongly supports approval of Alternative 2, the preferred action, to accept the 4 acre donated addition to Paul's Memorial FAS on Lake Five. Paul's Memorial was established only after 7 years of litigation by the same people now objecting who intended to keep Lake Five as a private lake. FWP has made many concessions, including limiting parking and hiring an onsite caretaker, to address concerns and has held up its end of the bargain. Lake Five is one of the few public recreation sites in the area, the existing funnel shape puts all users at the dock and ramp. The donor for the existing site, Paul's mother, wanted accommodations for non-motorized boats. The additional shoreline, when it becomes available, will allow more room for swimmers, kayakers and canoeists and make the site safer. Jim Vashro, FWI President

Q2

Please comment on the Property Addition to Paul's Memorial FAS.

Please vote for the property addition to Paul's Memorial FAS. We have 2 landowners willing to have their land used to allow public access to Lake 5, making it safer for parking. There are many people who can not afford lake property, but love to fish and respect landowners. The public should be allowed to fish on Lake 5.

Thank you

Q2

Please comment on the Property Addition to Paul's Memorial FAS.

I support the property addition to Paul's Memorial FAS. It will make the site safer as a fishing access point on Lake Five. Currently, there is a very narrow point which can cause congestion near the lake.

Please consider this recommendation to allow future generations the opportunity to enjoy safe fishing access to Lake Five.

Please comment on the Property Addition to Paul's Memorial FAS.

: I move the Fish and Wildlife Commission authorize FWP to accept the donation of 4 acres to expand Paul's Memorial FAS subject to the terms of the life estate.
